PAIA MANUAL

Prepared in terms of the requirements of the PROMOTION OF ACCESS TO INFORMATION ACT NO. 2 OF 2000

Version 1.0

Applicable from: 30 December 2021

Last Updated: 30 December 2021

1. Introduction

The Promotion of Access to Information Act 2 of 2000 ("PAIA" or "the Act") gives effect to the Constitutional right of access to any information held by the State and any information that is held by another person and that is required for the exercise or protection of any rights. The Protection of Personal Information Act 2013 has amended the PAIA and also requires private bodies to disclose certain information through a PAIA Manual.

Specifically, section 51(1) of the Act, read with the Protection of Personal Information Act of 2013, requires a private body to compile a manual that must contain information specified by both PAIA and POPI. In addition, the PAIA manual must set out the formal procedure that a person must follow in order to request to view, update or delete personal information held by the private body.

In this context, a "private body" is defined as any natural person who carries or has carried on any trade, business or profession, but only in such capacity; or any partnership which carries or has carried on any trade, business or profession; or any former or existing juristic person (e.g. any company, close corporation or business trust).

Competitive Capabilities International (Pty) Ltd ("CCi" or "the Organisation") falls within the definition of a "private body" and this Manual has been compiled in accordance with the said provisions and to fulfil the requirements of the Act.

In terms of the Act, where a request for information is made to a body, there is an obligation to provide the information, except where the Act expressly provides that the information may not be released. In this context, Section 9 of the Act recognises that access to information can be limited. In general the limitations relate to circumstances where such release would pose a threat to the protection of privacy, commercial confidentiality, and the exercising of efficient governance.

Accordingly, this manual provides a reference to the records held and the process that needs to be adopted to access such records.

All requests for access to information (other than information that is available to the public) must be addressed to the head of the business named in section 2 of this Manual.
